

Great Northern Hi Phos

Great Northern Hi Phos is a palatable weatherproof molasses phosphorus protein block containing trace minerals.

- High level of phosphorus
- Difficult to over consume

20kg, 40kg and 100kg

Recommended Intake: (per head/per day)

- Dry cows 60-100g
- Lactating cows 140-200g
- Growing stock 40-60g

Directions for use:

- Great Northern Hi Phos is weatherproof, so the required quantity of blocks may be placed out before the wet season starts.
- Place sufficient blocks so stock have ready access to blocks.
- Ensure adequate roughage is available
