

# Restoralyte

Restoralyte is an electrolyte supplement formulated to replace the fluid and salts lost from the body when horses sweat, both in the paddock on hot days and after being worked. Maintaining electrolyte balance is crucially important to the horse's bodily functions.

- Designed for inclusion in feed
- Supplements sodium, potassium and chloride ions needed for restoring electrolyte balance in blood and tissues, and glucose for energy
- Assist rehydration and recovery after exercising
- Replace lost fluids and prevent dehydration in transporting
- Prevention of dehydration during hot weather

## 4kg, 10kg, 20kg
