

# Endurance

Endurance is a vitamin, mineral and amino acid supplement for addition to horse rations for growth, development, good health and assisting in stamina and endurance. Specially formulated to optimize the performance of your horse.

- Vitamin A is essential in horses for the maintenance of skin, normal bone development and night vision.
- Vitamin B12 is essential for the formation of red blood cells. Supplementation with B12 improves the appetite and results in a higher count of red blood cells
- Vitamin D is essential in stabled horses for the absorption of calcium & phosphorus, a correct level of 1000 IU per day results in healthy bone development
- Vitamin E functions by protecting unsaturated fats from oxidation. It is required for normal immune function.
- Copper is essential for proper bones & cartilage development in growing foals.
- Folic Acid is also involved in blood formation. There is evidence to suggest that horses in hard work need extra Folic Acid
- Selenium deficiency causes white muscle disease in foals. It is essential that brood mares receive adequate selenium during pregnancy.
- Zinc deficiency in foals is manifested by reduced growth rate, very poor appetite & skin lesions of the lower extremities.

## 4kg, 10kg, 20kg

### Suitable for:

For optimum performance it is absolutely essential for horses to have good blood chemistry. Endurance is formulated to meet this requirement specifically.

### Directions for use:

Level to be fed per animal per day under normal conditions.

- Foals 30g
- Yearlings 60g
- Working & saddle horses 90g
- Racehorses & breeding 90g-180g

### ANALYSIS per Kg

Total Crude Protein	25.0 %
Crude Fat	1.5 %
Calcium	4.3 %
Phosphorus	3.0 %
Salt	2.0 %
Fluorine	0.025 %
Lysine	2.0 %
Methionine	1.3 %
Vitamin A	800 000 IU
Vitamin D3	80 000 IU
Vitamin E	4 000 mg
Vitamin B1	700.0 mg
Vitamin B2	800.0 mg
Vitamin B6	250.0 mg
Vitamin B12	2500.0 mg

Vitamin C	1875.0 mg
Vitamin K	20.0 mg
Biotin	62.5 mg
Calcium Pantothenate	720.0 mg
Folic Acid	250.0 mg
Niacin	2000.0 mg
Iodine	16.0 mg
Cobalt	20.0 mg
Selenium	12.0 mg
Copper	800.0 mg
Ferrous Iron	4800.0 mg
Magnesium	4600.0 mg
Manganese	3600.0 mg
Zinc	6000.0 mg
Choline Chloride	4800.0 mg
Chromium	20.0 mg

### Warnings & Other Information:

This product does not contain restricted animal material.

**Withholding Period:** Nil

**Storage:** Store in a dry place in ambient temperatures out of direct sunlight
