# Carasweet

Carasweet is a flavouring and sweeting additive designed to overcome palatability problems and is extremely useful to assist in feral pig control.

- Encourages livestock to consume more feed, therefore weight gain is increased
- Has been used successfully as a flavour enhancer when mixing feed for horses, cattle and pigs for many years
- Has been proven extremely useful when baiting or trapping feral pigs
- It is an attractant only and will not harm other animals (domestic or native) should they accidentally consume the bait

## 3kg, 10kg, 25kg

#### Suitable for:

• Pigs, horses, cattle.

#### Directions for use:

- For domestic livestock feeds add 400g-600g per tonne of feed
- For baiting feral pigs add 100g of Carasweet to 10kg of grain

### Warnings & Other Information:

• This product does not contain restricted animal material

#### Withholding Period: Nil

Storage: Store in a dry place in ambient temperatures out of direct sunlight
