

# Phosplus

Phosplus is a palatable protein, mineral and Vitamin A supplement.

- Improves calving percentage, conception rate, milk production and fertility
- Prevents weight loss
- Boosts pasture intake

## 25kg

### Recommended Intake: (per head/per day)

- Sheep & Goats 15-30g
- Weaners 100g
- Cattle 120g

### Directions for use:

- When the protein of grass is low, feed Phosplus free choice, preferably in a covered trough.
- If livestock are hungry, feed Phosmix for a week, then Cowmix 5 for two weeks prior to introducing Phosplus.
- Ensure adequate roughage is available
